Use Case/Premise

Problem statement

I was tasked with building the central hub for a new sports league.

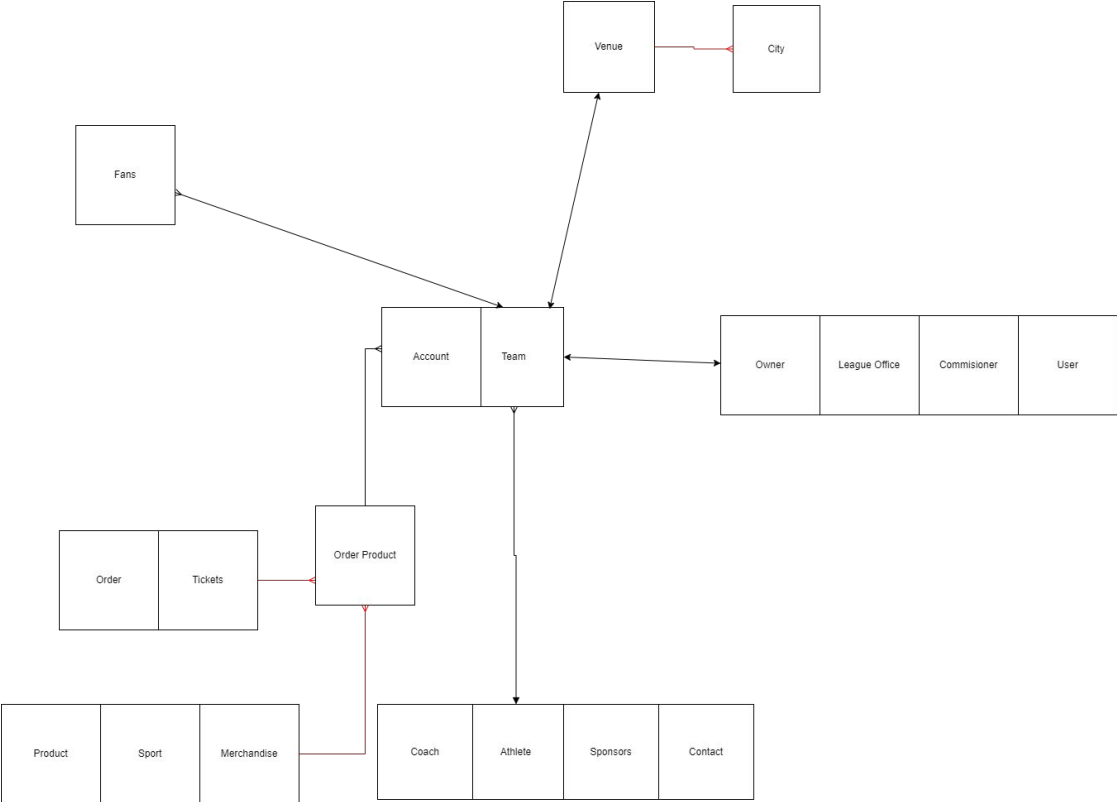

Use Case

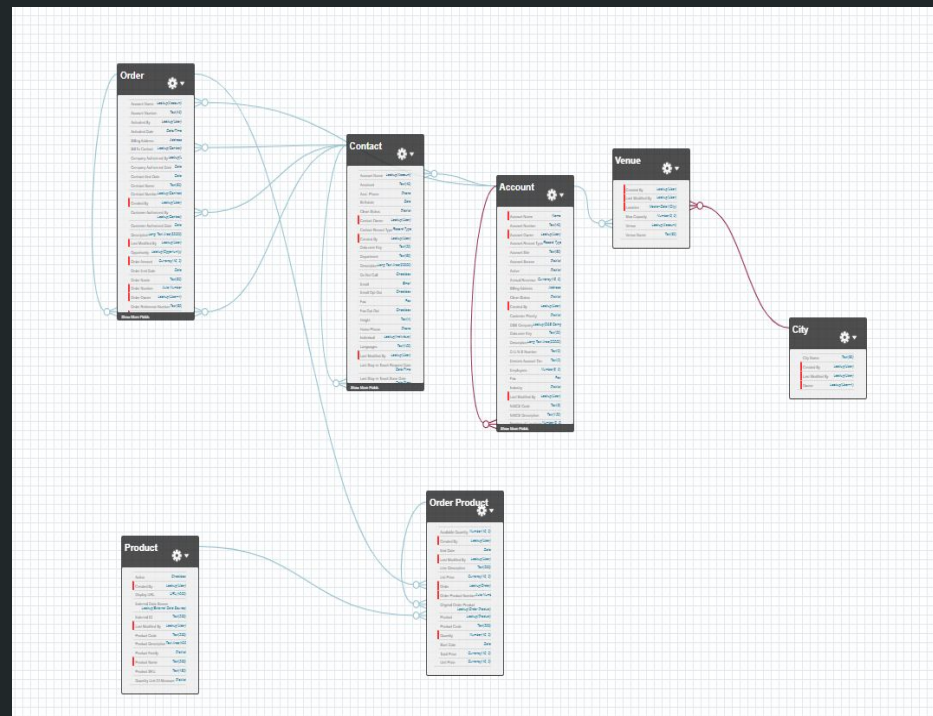

- The org is designed to have all the information about the league in one place
- Access
- Monitor

Design

ERD

Schema Builder

Roles

Commissioner

Owner

Scout

General
Manager

Process Automation

- Creating new Contacts
- Sending email alerts or emails
- Lead & Case Assignments

Next Steps

Improvements

- Trade Feature
- Player Statistics
- Venue Sponsor
- More roles
